

## Senior/Principal Biologist

Artios Pharma is currently recruiting a high-calibre senior/principal biologist. This is an excellent opportunity to join a world-class research team in a new, dynamic small Biotech company based south of Cambridge, UK. Artios is focused on identifying and developing cancer treatments by exploiting novel targets within the DNA damage response (DDR), a scientific area of high expectation following the success of PARP inhibitors in the clinic. The company is actively building an exciting portfolio of unique DNA repair projects.

### Outline of the role

You will join a small research team within this innovative and expanding company. Reporting to the head of discovery biology, your primary responsibility will be driving the biology of Artios' ongoing drug discovery projects. You will achieve this by applying your detailed knowledge and experience of cancer cell biology pathways, providing key data for target validation, biomarker identification and disease positioning. You will also work in multi-disciplinary collaborations with external scientists and leading academics, involving a high level of teamwork. Appointment will be made at the senior or principal scientist level depending on experience.

### Qualifications and Experience

- PhD or equivalent in a relevant life science
- Proven track record of scientific excellence in cancer cell and molecular biology
- Experience of working in an industrial or biotechnology setting is highly desirable

### Key Skills and Abilities

- In-depth understanding of cancer biology, ideally in DDR
- Excellent technical cell and molecular biology skills, ideally including gene-editing techniques
- Advanced skills in teamwork and collaboration
- Ability to work independently in an organised and methodical fashion
- High level of IT literacy
- Excellent communication and presentation skills
- Flexible approach to change

This is a permanent role offering an attractive salary & benefits package, if you have the right background, then please apply by sending your CV with a covering letter to [hr@artiospharma.com](mailto:hr@artiospharma.com)

**The closing date is 12<sup>th</sup> June 2017**
