

## SENIOR *IN VIVO* SCIENTIFIC OFFICER

---

An exciting opportunity has arisen for an experienced and highly motivated *in vivo* scientist to join our rapidly growing *in vivo* team at RxAccelerate. RxAccelerate is an out-sourced drug development company based at the Babraham Research Campus, Cambridge. We provide project management and R and D scientific services for virtual and semi-virtual companies spanning a wide range of medical indications. We deliver comprehensive *in vitro* and *in vivo* drug development programmes. Further information about RxAccelerate can be found on our website: [www.rxaccelerate.com](http://www.rxaccelerate.com).

This is a hands-on role and the candidate is expected to have extensive experience in the design and conduct of animal studies, including (but not limited to) dosing, blood/tissue sampling techniques, as well as breeding and colony management, preferably in a drug discovery setting. The applicant will be educated to degree level in a scientific subject or possess 3 years relevant experience. The ideal person would be in possession of an active (or recently revoked) UK Home Office personal licence with strong technical expertise accompanied by practical experience of a variety of animal models. The candidate must be fully conversant with the principles of the 3Rs and ASPA. Experience in surgical techniques is desirable.

The applicant must be a meticulous and methodical worker with excellent attention to detail and the ability to keep accurate and up-to-date records. They will be self-motivated with a proven track record of organising and performing experiments with minimal supervision. A competent level of computer literacy is essential. Strong communication skills and demonstrable experience of working effectively in a team are essential.

The candidate will be required to travel between sites; therefore, a clean driving licence and access to a car is advantageous. Candidates must be able to demonstrate flexible working patterns, as out of hours working is a requirement for this post. This will include working on evenings, weekends and public holidays, as the workload necessitates.

Full / part-time / job share hours are available, which include weekend working. RxAccelerate offers a competitive salary with an annual bonus scheme.

Interested applicants should send a cover letter and curriculum vitae in PDF format to [info@rxaccelerate.com](mailto:info@rxaccelerate.com). Informal enquiries can also be directed to this email address. Only applicants based in the UK and EU need apply.

The closing date for this role is 31<sup>st</sup> October 2017, with interviews to be held mid November 2017. No agencies, thank you.
